2014 SCHOOL REPORT
MESSAGE FROM THE SCHOOL BOARD

AGBU Alexander Primary School added yet another successful school year to over two decades of nurturing, educating, aspiring students to grow and serve the Armenian Community and Australian Society at large.

This year the school was successfully evaluated by NSW Board of Studies and obtained registration extension until December 2019.

As in previous years, The AGBU Alexander Primary School students have demonstrated their academic excellence in state wide exams (NAPLAN and ICAS), scoring well above average in all subject areas, particularly high percentage of the participating students received Distinction in the ICAS Computer Skills. Our Year 5 and 6 students have also consistently displayed strong debating and public speaking skills in the Forest District Interschool Debating Competitions and won the tournament. Our school has won 10 out of the 18 annual competitions. This is a testimony of advancement of our students in academic, social and leadership skills.

We are proud with the achievements and character of our students and past graduates. Many of the school graduates visit the school on special occasions and show sense of gratitude.

AGBU Alexander Primary School is also integral part of the Australian Armenian community, as we promote the Armenian language, culture and traditions past down by our revered elders. This year, our students participated in ‘An Armenian Journey’ concert in commemoration of the 100th Anniversary of the Armenian Genocide. There are also plans for several commemoration events in 2015.

The school consistently upholds high social Ethics and Values founded on the Christian Faith. Integrity, honesty & respect are fundamental in the students’ development and it is supported by the school community.

The School Board continued to have its monthly board meetings and briefings with various committees, fostering communication and timely decision making.

In conclusion, the School Board conveys its sincere appreciation for the hard work and dedication of the School Principal/Head Teacher, Teachers, School Staff; and heartfelt gratitude to all of our school Sponsors, Supporters, Australian Government, AGBU Community and the wider Australian Armenian Community for their continual support for the growth and longevity of the AGBU Alexander Primary School.

SCHOOL ACADEMIC PERFORMANCE  

NAPLAN  
In 2014 all students in Year 3 and Year 5 participated in the National Assessment Program – Literacy And Numeracy (NAPLAN). This program assesses Literacy (Reading, Writing, Spelling, Grammar and Punctuation) and Numeracy (Number, Patterns & Algebra, Measurement, Data, Space & Geometry).

The results of these tests can be found at the My School website: http://www.MySchool.edu.au

Search for AGBU Alexander Primary School, Duffys Forest, NSW 2084 to access our school results for 2008 - 2014. My School data compares our school to the average scores for statistically similar schools nationwide, and the average scores for all Australian schools.

Statistically similar schools are schools across Australia with a number of factors in common such as the social and economic background of the students, whether the school is remote, the proportion of Indigenous students, or a combination of these factors.

In 2014 all students achieved above the national minimum standards in Literacy and Numeracy. The school averages were well above both the state and national averages. The charts below show the achievements of the school in comparison to the rest of the state and Australia.
We are extremely pleased to report that the AGBU Alexander Primary School average in Year 3 was outstanding in all areas. As the graph below shows, the mean score is high above the State and National averages.

We are not able to provide similar school comparisons for the averages in Year 5 as means are only compared for groups with five or more students. The other reason is to also protect the privacy of the Year 5 students. However, we can report that no student in Year 5 fell below the minimum standard in any tested area.

## Facilities

**Greenhouse**

A fully enclosed Greenhouse was constructed on the west of the school buildings to support the school’s environmental programs. It not only acts as a greenhouse but also keeps out the local rabbits and possums.

**Chicken Coop**

A secure Chicken Coop was built on the east of the school buildings to help implement the school’s sustainable plan.
Efforts to continue education for respect and responsibility were continued in the following ways:

- The school rules include: We respect other people, property and the environment.
- The school respects and values each child as an individual and a member of the school community.
- Respect and responsibility are stressed in class and in everyday school life.
- There is an expectation of courtesy, good behaviour, care for the community they belong to and respect for all.
- At weekly assemblies values are highlighted, two of which are Respect and Responsibility.
- In the classrooms as part of the PD units: Growth and Development, Interpersonal Relationships, Safe Living and Personal Health Choices.
- In the classrooms as part of the HSIE units: Communication, Australian Neighbours, Celebrations, People and Their Beliefs, Co-operating Communities, Australian Democracy and Global Environments.
- In the classroom as part of the Science and Technology units: Let’s Communicate, Kid’s Care, Keep In Touch, Environment Matters and Way Out Communication.
- The school carries out a buddy program where older children are responsible for younger ones.
- Year 5/6 are given responsibilities as bus monitors, house captains, library monitors and are also responsible for conducting weekly assemblies.
- Teachers and parents provide the care and support that engender self-esteem, mutual respect and responsibility.
- The school discipline policy upholds the values of respect and responsibility rewarding those following the school rules and addressing promptly any behaviour which comes into conflict with these rules.
- The students participate in interschool sporting, debating and multicultural days which promote the values of respect and responsibility.
Parents

- Are given the opportunity to provide feedback on children’s Term 1 and 3 Portfolios. Parent satisfaction is shown when comments come back congratulating both the teachers and the children on their achievements. 100% of these feedback sheets are returned and the comments that are made are positive and supportive of the staff and school.

- Many parents involve themselves in P&C committee organising school functions and fundraising activities – showing their support and satisfaction in the job that the school is doing. Most school functions can boast 100% attendance from parents who not only come to support their children but help in the catering and providing of food at these functions.

- Parents are well represented at Working Bees, as canteen helpers, classroom helpers and drivers, showing their support and satisfaction.

- Two formal meetings are held at the school with the parents but parents are encouraged to contact the teacher or Principal when necessary with any concerns or comments.

- Use is made by parents not only in face to face interviews but by emails and telephone conversations as well as letters or notes in the students’ diaries if they should wish to communicate with the school.

Students

- When students leave Alexander Primary School after Year 6, they frequently express the wish that there was a high school here as they are very sorry to leave.

- Graduates return to school on a school day on which they are not required to be at school (pupil free days at High School). They spend the day helping teachers and children in class.

- Graduates of Alexander Primary School also often return to see and participate in programs of the school such as Palm Sunday Picnics and Presentations, Mother’s Day Presentations, Christmas Concerts and Speech Nights.

- Older Graduates (current University students) are happy to be asked to present Awards during Speech Night.

- Being a small school the current students know all other students well and play and work in a family like situation. The older students take on the responsibility for the younger ones taking on their roles as buddies very seriously. Students are encouraged to include everyone in their play.

- Students are very supportive of their peers. This is shown in competitions where the students rally behind all students cheering them on even if they are on different teams.

Teachers

- Alexander Primary School has a very low teacher turn over and very low absenteeism.

- Staff members are supportive of each other and enjoy getting together socially.
